This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power distribution, fire protection, and an advanced liquid cooling system that enhances thermal

WHES provides 100kW/233kWh All-in-one commercial and industrial energy storage system

Equipped with integrated EMS for smart energy management, liquid cooling for efficient operation, and durable LiFePO4 batteries with over 6,500 cycles, it offers reliable, scalable energy solutions.

Sistema de almacenamiento de energía de refrigeración líquida todo en uno de 100 kW/241 kWh, adecuado para situaciones industriales y comerciales con altos requisitos.

This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power distribution, fire protection, and an advanced liquid

The GSL-CESS-100K232 Liquid Cooling Cabinet ESS is a cutting-edge energy storage solution for industrial and commercial applications. It integrates EMS,

This liquid cooled outdoor cabinet is flying off the shelves with only a few units left. Grab the Best 100kW 232kWh 125kW 261kWh liquid cooled outdoor cabinet now for massive savings and verified

THES38BL-100/215 liquid-cooled energy storage cabinet with 100kW/215kWh capacity. Safe, efficient LFP battery system for commercial and industrial applications.

The GSL-CESS-100K232 Liquid Cooling Cabinet ESS is a cutting-edge energy storage solution for industrial and commercial applications. It integrates EMS, advanced liquid cooling technology, and

# 100wkh liquid-cooled energy storage

The 100kW/215 kWh liquid cooling energy storage system features a prefabricated cabin design flexible deployment, convenient transportation, and no need for internal wiring and debugging.

The iCON 100kW 215kWh Battery Storage System is a fully integrated, on or off grid battery solution that has liquid cooled battery storage (215kWh), inverter (100kW), temperature control and fire safety

The battery pack is the smallest removable energy storage unit in the battery system, its product model is BP-48-153.6/280-L, which is configured by four 1P12S battery modules, acquisition wires, BMU,
