BOSS Cabinets are rated to the NEMA 3-R Certification for indoor and outdoor installations. They include a corrosion-resistant fan that helps prevents the

Since its establishment, the company has been committed to providing safe, reliable, and intelligent electrical complete equipment and integrated solutions for industries, commerce, municipal facilities,

Built with corrosion-resistant materials, advanced thermal management, and customizable designs, these NEMA and IP-rated enclosures are ideal for energy storage, telecom, and industrial use.

An outdoor energy storage all-in-one cabinet is a compact, integrated system that combines battery storage, power conversion, thermal management, and smart

The Cabinet offers flexible installation, built-in safety systems, intelligent control, and efficient operation. It features robust lithium iron phosphate (LiFePO₄) batteries

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet.

HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

Integrating advanced battery technology, high-efficiency power conversion systems, and intelligent management architecture, it optimizes energy utilization efficiency. This large-capacity, high

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage
